## **The Prospects...**

Career prospects for the job seekers are diversifying and it is imperative to keep pace with the changing career platforms. Need of the hour is the educators provide such platforms of diversification to the students for increasing the absorbcency prospects in the career market.

India is on the threshold of a Development Revolution. Higher education including legal education will determine the quality and direction of the Development process. With millions of talented youth with higher education entering the job market, nothing can stop the Nation from achieving its development goals sooner than later. As a country committed to rule of law, democracy and human rights, it is the function of legal institutions to organize development in such a manner that the Constitution prescribes. In this process, legal personnel have a significant role to play outside the conventional role of dispute settlement.

Study of law prepares one not only to become a legal practitioner, it enables one to take a variety of career options including judiciary, journalism, civil service, politics, teaching and social work. In all these careers, what makes law study relevant is its relation to 'JUSTICE', the eternal quest of every human being. You are welcome to study law and be a justice worker for maximizing justice and fairness in society.
